PanTel Telecom Standards and Licensing Boundary

Section 1 — Purpose

1.1 This Instrument establishes programme standards and licensing-boundary rules for **PanTel** as an Order-chartered multinational telecom cooperative.

Section 2 — Permitted cooperative functions

2.1 PanTel may organize:

- cooperative interconnect and transport arrangements
- member coordination and admission standards
- incident coordination and continuity standards
- telecom-adjacent infrastructure and service orchestration
- cross-border programme transport support

Section 3 — Explicit licensing boundary

3.1 PanTel shall not treat this Instrument or its charter as a substitute for:

- national spectrum licenses
- carrier authorization
- numbering allocation rights
- lawful intercept or emergency-services obligations imposed by local law

3.2 ITU references are contextual and interoperability references only unless a separate instrument expressly provides otherwise.

Section 4 — Standards posture

4.1 PanTel shall maintain documented standards for:

- interconnect and peering governance
- service continuity and incident escalation
- member admission and suspension controls
- respondent-jurisdiction filing dependencies
- public non-claims and representation controls

4.2 Public representations shall follow GUOSMM-E-2026-010 and GUOSMM-D-2026-011.

Section 5 — External reliance

5.1 Counterparties may rely on this Instrument as evidence that PanTel has a published standards lane for telecom-cooperative operations under the Order framework.

5.2 Counterparties may not rely on this Instrument alone as proof of national carrier status, ITU equivalence, or statutory telecom exemption.
